## OUR MISSION

Our Mission is to manufacture the lightest and most innovative wheels in the industry today with our cutting edge designs and engineering. We are the leaders in forged one piece and multi-piece wheels in the world. Hand crafted and manufactured in the USA, we create wheels with only the highest grade of aerospace materials. Adeventus Forged strives to offer the most extensive variety of custom finishes in the market today!

Acura | AVX - 7

## ABOUT ADVENTUS FORGED

Adventus Forged is the premier wheel company specializing in custom one and multi-piece wheels. Backed by over 20 years of experience and knowledge in wheel industry, the masterminds behind Adventus Forged have created cutting edge and innovative wheel designs that transcends the industry.

Each wheel style is created with a major priority in attention to detail. Our design process from beginning to end goes through meticulous steps of design to engineering to machining, to a final product that is unrivaled by any other company in the industry. The AVS and AVX Monoventus Concave Series are cutting edge one piece squeezed forged technology which features unique styling with the benefits of being ultra light weight wheels. Our multi-piece line consist of the ARZ, CRZ, SFR, and STR Series. With one of a kind styling, each series provides their own unique concepts to a multi-piece wheel varying from Suspended Concave [ARZ] to Suspended Deep Access [STR]. Our wheel designs sets us apart from any other company in the world today.

We have taken our design capabilities to the next level by creating new and innovative products which include the first Removable Stainless Steel Step Lips, the first automotive inspired watch, and Wireless Bluetooth Headphones. With an exciting future ahead, stay tuned for more to come from Adventus Forged!
